

## **CEI Awarded GSA Schedule Contract**

The month of September marked the conclusion of CEI's negotiations with the U.S. General Services Administration (GSA) resulting in a much anticipated Schedule Award for the firm. CEI is proud to announce we are now a GSA Schedule Holder for Environmental Consulting Services and Geographic Information (GIS) Services. Over the summer, CEI went through a rigorous proposal and negotiation process with the GSA to essentially become a pre-approved vendor for federal clients and others wishing to utilize the streamlined GSA procurement process. CEI's newly established vendor relationship with the GSA will help the firm connect with a wider range of prime government opportunities and be better utilized to help others meet small business and woman owned business goals.

CEI is not new to the federal contract realm and has been providing engineering and environmental services to various federal government agencies for a number of years. CEI is currently providing consulting services for the U.S. Federal Aviation Administration (FAA) and has assisted the National Guard on dozens of projects.

For more information about CEI's GSA Schedule, teaming opportunities or federal qualifications, please contact CEI President, Eileen Pannetier at 1-800-725-2550 X301 or via email at [epannetier@ceiengineers.com](mailto:epannetier@ceiengineers.com).
