

## CEI Pre-Qualified in Maine

We are pleased to announce that CEI was recently pre-qualified by the State of Maine Bureau of General Services to provide the following services:

- Civil Engineering
- Environmental Engineering
- Environmental Site Assessment
- Geotechnical

This pre-qualification status will allow CEI to contract directly with various state agencies in Maine on specific types of projects. CEI was recently certified as a Disadvantaged Business Enterprise by the Maine Department of Transportation. Having provided stormwater, water resource, and hazardous waste assessment and remediation related consulting to a number of Maine clients over the past decade, we are excited to expand our services throughout the area.

For more information on the services we provide and qualifications please contact CEI President Eileen Pannetier at 800.725.2550 x301 or at [epannetier@ceiengineers.com](mailto:epannetier@ceiengineers.com).
