

CEI Commits to Reduce Greenhouse Gas Emissions

At the end of 2010, the White House Council on Environmental Quality along with the General Services Administration and U.S. Environmental Protection Agency announced that CEI and 51 other small businesses nationwide would participate in the GreenGov Supply Chain Partnership and Small Business Pilot Program. As part of this 3-year program we recently completed our greenhouse gas (GHG) emissions inventory and have committed to a 2% reduction goal by 2013. As we work towards this goal through the development and implementation of reduction strategies we hope to lessen our impact on the global environment. Additionally, CEI's work on this initiative will help lead the Federal government toward a cleaner, more efficient supply chain and a clean energy economy.
