Flood Management

ASFPM – Remember the Past – Insuring the Future

CEI recently took part in the Association of State Floodplain Managers (ASFPM) 37th Annual Conference held June 9 – 14, 2013 in Hartford, Connecticut. This national conference titled *Remember the Past – Insuring the Future* was held in New England for the first time in

over 15 years. With nearly 1,200 attendees, this annual conference focused on flood risk management, flood mitigation, watershed management and national policy. The ASFPM is the supporting organization for professionals involved in floodplain management, flood hazard mitigation, flood preparedness, and flood warning and recovery.

CEI is pleased to have several staff credentialed through ASFPM as Certified Floodplain Managers (CFM) with the aim to reduce flood losses and to protect the natural and beneficial values and functions of floodplains. These individuals are experienced in floodplain management, mapping, regulatory compliance, flood insurance issues, floodplain protection and hazard mitigation.

CEI provides flood management services including hazard mitigation planning, culvert restoration/redesign, drainage engineering and various FEMA related services including Letter of Map Revisions (LOMR). For more information on CEI's flood management services or to consult a CFM please contact Matthew Lundsted, P.E., CFM at 800.725.2550 x305 mlundsted@ceiengineers.com or Michael Ohl, P.E., CFM at x359 mohl@ceiengineers.com.
