## Community Sponsorship

---

### OARS 27<sup>th</sup> Annual River Cleanup, Sept. 21, 2013

CEI is proud to have been a sponsor of the OARS 27th Annual River Cleanup on Sept. 21, 2013. OARS volunteers waded into the Assabet, Sudbury and Concord Rivers to continue the effort of restoring our beautiful rivers. They hauled trash, tires, bottles, car parts, bicycles – whatever they could find that didn't belong there – to shore for more appropriate disposal.

This has been a regional tradition for individuals and teams from local businesses, civic associations scout troops and high schools. This year the focus was in Westborough, Wayland, Framingham, Northborough, Marlborough, Hudson, Stow, Maynard, Acton, Concord and Billerica. A team of people at one site working for three hours can make a real, visible difference for the river and their community.

We were happy to help defray costs and support other OARS programs to restore our rivers. For more information on this program, please go to [www.oars3rivers.org](http://www.oars3rivers.org) or contact Stephanie Hanson at [shanson@ceiengineers.com](mailto:shanson@ceiengineers.com) or 603.424.0564.
