

## GETTING TO KNOW CEI – MATT LUNDSTED

### Matthew Lundsted, P.E., CFM

MATT IS A CEI PRINCIPAL ENGINEER AND CERTIFIED FLOODPLAIN MANAGER WITH 27 YEARS OF EXPERIENCE, 17 AT CEI

Matt is a Professional Engineer and Certified Floodplain Manager. He leads transportation, stormwater and flood related projects for CEI's Civil Engineering Division. Originally at the CT Department of Transportation, Matt has extensive experience working with clients including State DOT's, city and town public works departments, DOD agencies and the U.S. EPA. Matt coordinates a number of large projects at CEI, managing many of our engineers while serving as a technical resource and mentor.

Matt's civil engineering degree is from UConn. He is a lifelong [Huskies, Red Sox, Patriots, Bruins, Celtics] fan and volunteers with the Peterborough, NH Conservation Commission.

Engineered culvert replacements to address flooding, stormwater and aging infrastructure issues.

Managed major utility coordination for over 4 miles of 4-lane bi-directional highway for NH DOT.
