### CEI Wins First Place in 2013 National Best Firms Competition

Comprehensive Environmental Inc. (CEI) is proud to announce that the firm has been selected as the 2013 National 1st Place Winner by CE News for *Best Environmental Services Firm to Work For*. Competing against both small and large firms throughout the country, CEI placed in the top 5 for *Best Civil Engineering Firm to Work For*. This is the fourth consecutive year that CEI has been a finalist in both Environmental and Civil Engineering categories.

These honors were presented and celebrated at the *Best Firms To Work For Conference* at The Hard Rock Hotel in Chicago, on June 20-21, 2013. Moving up in the standings for both categories over last year, CEI is New England's only firm to be honored with both Environmental Services and Civil Engineering honors.

Winners were based on a host of competitive criteria including employee benefits, support for staff professional development and training, community service, employee retention, communication, office environment, sustainability, work/life balance, employee recognition, firm growth and work atmosphere.

We would like to congratulate our staff, clients and supporters for helping us achieve these prestigious awards.

CEI has been providing civil engineering and environmental consulting services to municipalities, state and federal agencies and private industry throughout New England for over 25 years. For more information on CEI, please contact Ms. Stephanie Hanson at 603.424.8444 or email her at [shanson@ceiengineers.com](mailto:shanson@ceiengineers.com).
