
CEI Makes Top Women Led Companies List

Comprehensive Environmental Inc. (CEI) is proud to have once again been named to Business NH Magazine's 2015 list of Top Women Led Companies in NH.

CEI's President Eileen Pannetier has grown the company into an award winning civil engineering and environmental consulting firm. With multiple offices throughout the area, the firm provides consulting services to federal, state, municipal agencies and private entities throughout the east coast. The complete article appears in the October, 2015 issue of Business NH Magazine.

In addition to this recognition as a Top Women-Led Company by Business NH Magazine, CEI was also recently ranked nationally as a Top Civil Engineering and Environmental Services Firm to Work For. Winning awards in both categories, CEI competed against both small and large firms throughout the country. This is CEI's sixth consecutive year as a finalist, first making the rankings in 2010.
