
CEI Congratulates Newest CT LEP

CEI is proud to announce that Principal Engineer, Rebecca Balke is now a Licensed Environmental Professional (LEP) in Connecticut. The LEP is achieved through education/training, experience and written examination through the State Board of Examiners of Environmental Professionals (LEP Board). The LEP program is a licensing program for environmental professionals intent on facilitating and verifying the clean-up of contaminated sites in CT.

A Professional Engineer and now LEP, Ms. Balke has over 20 years of engineering and hazardous waste expertise with CEI. She is currently managing CEI's Brownfield investigation and remediation efforts in New Britain, CT and has provided assessment, remediation, O&M and compliance services for dozens of sites throughout New England.

CEI is an award winning civil and environmental engineering firm that has been providing assessment and remediation services throughout the Northeast and Mid-Atlantic Regions of the U.S. for over 25 years.

For more information on CEI's Brownfield and site remediation services please contact Rebecca directly at 800.725.2550 or email her at rbalke@ceiengineers.com.
