
CEI Wins 2015 National Engineering Honors

Comprehensive Environmental Inc. (CEI) is proud to announce that the firm has been selected as one of the Best Civil Engineering and Environmental Services Firms to Work For nationwide. Winning awards in both categories, CEI ranked 2nd for the Environmental Services category and 3rd for Civil Engineering. Competing against both small and large firms throughout the country, this is CEI's sixth consecutive year as a finalist, first making the ranking in 2010. Moving up in the standings for both categories over last year, CEI is New England's only firm to be honored with both Environmental Services and Civil Engineering honors.

Winners were based on a host of competitive criteria including support for staff professional development and training, employee benefits, community service, employee retention, communication, office environment, sustainability, work/life balance, employee recognition, firm growth and work atmosphere.

We would like to congratulate our staff, clients and supporters for helping us achieve these prestigious awards.

CEI has been providing civil engineering and environmental consulting services to municipalities, state and federal agencies and private industry throughout the northeast for over 25 years. For more information on CEI, please contact Ms. Stephanie Hanson at 800.725.2550 or email her at shanson@ceiengineers.com.
