
Students Start Year With New Supplies from CEI

For the 3rd straight year CEI staff have collected and donated school supplies for students starting the 2015-2016 new school year. The Boys and Girls Club of Marlborough, MA and Manchester, NH received boxes of school supplies and other needed products specifically geared toward their teen students donated by CEI staff.

Both organizations distributed these materials to students who need help fulfilling their school supply lists for the upcoming school year so they can start the year off right. We thank our CEI staff who once again generously donated hundreds of items to this worthy cause. For more information please contact Stephanie Hanson, shanson@ceiengineers.com 603-424-0564.
