
ConnDOT Prequalifies CEI

CEI is pleased to once again be prequalified to provide professional services to the Connecticut Department of Transportation. CEI's New Britain, CT office provides comprehensive civil engineering and environmental consulting services to Federal, state and municipal agencies throughout the region.

CEI's credentials have been accepted by ConnDOT in the following areas:

- Construction Engineering and Inspection (Road/Bridge)
- Environmental Planning Studies & Regulatory Permitting
- Highway Design

For more information about CEI's engineering and consulting capabilities, please contact CEI's Regional Program Manager, Sebastian Amenta, P.E. at 860.224.0442 or samenta@ceiengineers.com.
