
CEI 2016 'Top Firm to Work For' Award

Comprehensive Environmental Inc. (CEI) is proud to announce our national ranking by the Zweig Group as a Top Civil Engineering and Environmental Services Firm to Work For in 2016. This marks CEI's 7th consecutive year as a finalist, first making the ranking in 2010. CEI is one of the few firms to make the Top 10 in both the Civil Engineering and the Environmental Services categories.

Rankings were based on a host of competitive criteria including support for staff professional development and training, firm culture, community service, employee retention, communication, office environment, sustainability, work/life balance, employee recognition, firm growth and work atmosphere.

“We are thrilled to be recognized by Zweig Group as a best firm to work for in the civil engineering industry for the seventh year running,” Eileen Pannetier, CEI’s founder and President said. “CEI’s culture is one where we strive to give our employees challenging and rewarding work and foster an environment that allows for development at both professional and personal levels.”

CEI would like to congratulate our staff, clients and supporters for helping us achieve this prestigious award.

CEI has been providing civil engineering and environmental consulting services to municipalities, state and federal agencies and private industry throughout the northeast for nearly 30 years. For more information on CEI, please contact Stephanie Hanson at 800.725.2550 or email her at shanson@ceiengineers.com.
