CEI Adds Bridge Design to MassDOT Credentials

CEI is proud to announce the expansion of the firms' prequalified services for the Massachusetts Department of Transportation (MassDOT) to now include bridge design. CEI was recently approved for this new discipline adding to the existing categories of roadway design, hydraulics & hydrology, hazardous waste remediation, wetlands and water quality.

CEI has successfully completed dozens of task orders for MassDOT through the years that have included stormwater BMP design, regulatory review, statewide guidance development, and water resource consulting.

CEI is a civil engineering and environmental consulting firm that provides services to Federal, state, municipal and private clients throughout the Eastern U.S. CEI has DBE/WBE status in several states including Massachusetts.

For more information on CEI's transportation related services please contact CEI Principal Engineer Matt Lundsted, P.E., CFM at 800.725.2550 or mlundsted@ceiengineers.com.
