
CEI at the Northeast Climate Change Preparedness Conference

The Northeast Climate Change Preparedness Conference, convened by Antioch University New England in partnership with the U.S. Environmental Protection Agency, was held on May 19-21, 2014 in Manchester, NH. CEI exhibited at this conference and provided attendees with information on flood management, stormwater planning and culvert engineering practices – all topics essential to climate change preparedness.

For more information on these topics and climate change preparedness, please contact Mr. David Nyman, P.E. at 508.281.5178 or dnyman@ceiengineers.com or Mr. Matthew Lundsted, P.E., CFM at 603.420.1010 or mlundsted@ceiengineers.com.

For more information about the services CEI provides, please visit www.ceiengineers.com.
