CEI Sponsors Wild & Scenic Environmental Film Festival

In support of the New Hampshire Rivers Council, CEI helped sponsor the Wild & Scenic Film Festival. The event was held at the Red River Theatre in Concord, NH on March 31, 2012. This is one of the largest environmental film festivals in North America, and was attended by hundreds of children and adults. The event included several hands on activities, educational handouts, raffles and the showing of a number of films. CEI was pleased to be a part of this inspiring event and to support the NH Rivers Council (www.nhrivers.org), an organization dedicated to the protection and conservation of NH rivers.

Visit www.ceiengineers.com or call 800.725.2550 for more information about CEI, our services and our environmental commitment.
